

Bluetooth Wireless Keyboard for iPad

Model 9010

- Fast, easy character entry at home, the office, or wherever you go
- Hotkeys for iPad search, brightness up/down, photo, virtual keyboard, previous or next track, play/pause, mute, home, lock screen, and volume up/down
- Scissor key action for excellent tactile feedback
- Ideal for iPad. Also works with iPhone and iPod touch for faster, easier alphanumeric entry
- Includes rechargeable keyboard battery and USB charger cable

iPad sold separately

The Model 9010 Bluetooth Wireless Keyboard is ideal for use with Apple Pages, email, Facebook, Twitter, Web browsing, or any iPad/iPhone/iPod application that requires fast, accurate character entry. Use the 9010 wherever you need a much faster alternative to the iPad touchscreen keyboard.

Model 9010 is small and light enough to easily carry with you when you're on the go. There is nothing else to pack: the 9010 connects wirelessly to your iPad, iPhone, or iPod touch via the Bluetooth radio in those products.

Model 9010 is a high-quality keyboard with scissor-action keys for excellent tactile feedback. Thirteen special hot keys are included to optimize use with an iPad.

The Model 9010 battery is rechargeable from a powered USB port or the AC adapter with USB interface provided. A 30-inch-long USB charging cable automatically retracts to a compact 4 inches for easy storage.

Bluetooth Wireless Keyboard for iPad
